Long COVID and ME/CFS

Health Effects fRom Infection Sequelae: Tailoring serves and Advancing Guidance

UNIVERSITY OF LEEDS
UNIVERSITY OF OXFORD
UNIVERSITY OF LEICESTER

FUNDED BY
NIHR | National Institute for Health and Care Research

Have you had Long COVID or ME/CFS for over 2 years?

Help shape how the NHS supports people with Long COVID and ME/CFS

We want to hear from adults (18+) across the UK who:

- Have Long COVID and/or Myalgic Encephalomyelitis/Chronic Fatigue Syndrome symptoms lasting 2+ years
- Are not currently receiving specialist NHS Long COVID or ME/CFS care
